

PASSION AND TRADITION SINCE 1879

TEAHOUSE EXCLUSIVES ORGANIC

New. Sustainable. Natural.

DISCOVER THE FLAVOUR OF NATURE – TEAHOUSE EXCLUSIVES ORGANIC TEA

Teahouse Exclusives has been living the Hamburg tea tradition since 1879 - for excellent tea created with passion, expertise and decades of experience. For us, tea is more than just a drink - it is our passion. From the careful selection of teas to the artful composition of unique flavours, we dedicate ourselves to each individual variety. Whether it's full-bodied black tea, invigorating green tea or sophisticated herbal and fruit blends, our range combines traditional recipes with exceptional quality to offer tea lovers around the world unrivalled enjoyment.

With Organic Tea, we focus on pure, unadulterated flavour, which is obtained with the utmost care. The teas come from controlled organic cultivation and are picked by hand to ensure the best possible quality. However, the way the tea is packaged also plays a decisive role. That's why we use a hand-sewn tea bag made from 100% organic cotton, without any adhesives, metal or plastic. The fine, natural fabric structure allows the tea leaves, fruits and herbs to fully unfold so that their flavours can develop optimally. In addition, the bag is compostable and is fully integrated into the natural cycle - an environmentally friendly solution for sustainable tea enjoyment.

COMPOSTABLE

We also attach great importance to sustainability when it comes to our packaging. It is plastic-free, environmentally friendly and recyclable. We already have packaging that meets high environmental standards, but we are constantly looking for new ways to make it even more sustainable.

IN HARMONY WITH NATURE

Protecting nature is important to us, as it is the basis for our raw materials of tomorrow. Without an intact environment, there would be no exquisite tea leaves, fragrant herbs or fruity ingredients – and therefore no fine, multi-layered flavour that makes every cup of tea a special treat. That is why sustainability means more to us than just organic cultivation – it is an integral part of our philosophy. In addition to the 100% organic ingredients, many of our varieties bear the Rainforest Alliance seal and stand for resource-conserving cultivation and responsible treatment of nature. This ensures that the original purity of each ingredient is preserved and unfolds in an unadulterated flavour experience

This sustainable concept is complemented by FSC-certified, recyclable packaging that combines environmental awareness, design and the highest quality. Our folding boxes and outer bags are plastic-free, mineral oil-free and use environmentally friendly printing inks, which means they fulfil the highest sustainability standards.

This makes every cup of tea a conscious pleasure – for today, tomorrow and the future.

TEA TAG

The Tea Tag is sewn without the use of metal staples or adhesives. This keeps the tea free from unwanted substances and does not harm the environment – for a completely natural and sustainable tea experience.

SACHET

Our FSC-certified paper bags protect the delicate flavour of the tea while remaining environmentally friendly. Printed with water-based colours and free from harmful coatings, they can be safely recycled in paper waste. This keeps the tea fresh and protects the environment.

COTTON BAGS

Our hand-sewn tea bags made from 100% cotton are free from microplastics, neutral in flavour and fully compostable. The natural material enables optimum water circulation and ensures unadulterated tea enjoyment. The bag also offers the tea enough space to allow its flavours to develop optimally.

FOLDING BOX

Our FSC-certified folding box combines stylish design, high stability and sustainable materials. Made from responsibly sourced paper and printed with water-based inks, it does not use any plastic or harmful coatings. It provides optimum protection for the tea and can be recycled in an environmentally friendly way after use – for packaging that perfectly combines aesthetics and sustainability.

ORGANIC APPLE MORINGA

Combines the natural sweetness of apples with fine notes of moringa herbs. A hint of lemon brings a refreshing lightness – inspired by sunny late summer days.

6 × 15 à 3.5 g **09673**
 1 × 100 à 3.5 g **09681**

ORGANIC EARL GREY

A timeless black tea classic with a fresh citrus flavour from the oil of the bergamot fruit.

6 × 15 à 3 g **09674**
 1 × 100 à 3 g **09682**

ORGANIC JAPAN SENCHA

An exquisite green tea, gentle and soothing, with fine, grassy flavours that provide pure enjoyment and relaxation – typically Japanese.

6 × 15 à 3 g **09677**
 1 × 100 à 3 g **09685**

The best camomile blossoms meet a hint of orange in this herbal tea. Infuse, lean back and relax.

6 × 15 à 2.5 g **09679**
 1 × 100 à 2.5 g **09687**

ORGANIC SUMMERFRUITS

Sunny fruitiness in every cup, with a deep dark red colour and intense forest fruit flavour. A pleasure that fulfils every moment – hot or iced.

6 × 15 à 3 g **09680**
 1 × 100 à 3 g **09688**

SUSTAINABLE TEA ENJOYMENT – STYLISHLY PRESENTED

Good tea deserves a special presentation!

Our new displays for folding boxes and outer bags not only show off our high-quality organic teas to their best advantage, but are also sustainably produced. Just like our tea, they stand for quality, naturalness and environmental protection. Ideal for restaurateurs who want to serve their guests not only great flavour but also a good feeling.
